

Site Engineer

Baramulla

Job Title: Site Engineer

Location: Baramulla, J&K

Employment Type: Full-time

Salary: Negotiable (Based on experience & qualifications)

Job Summary:

We are seeking a skilled and detail-oriented Site Engineer to oversee construction activities at our Baramulla site. The ideal candidate will be responsible for managing various aspects of construction projects, ensuring quality, safety, and timely execution while coordinating with vendors, stakeholders, and team members.

Key Responsibilities:

Project Supervision : Supervise and manage different phases of construction projects, ensuring adherence to timelines and specifications.

Team Supervision: Lead and monitor team members delegating tasks and ensuring efficient workflow.

Cost & Time Estimation: Prepare accurate estimates for time, materials, and costs to optimise project budgets.

Quality Assurance: Conduct quality checks to ensure compliance with engineering standards and specifications.

Safety Compliance: Enforce safety protocols and ensure all work meets safety regulations.

Reporting: Compile and submit detailed reports to reporting manager, including progress updates and issue resolutions.

Technical Problem-Solving: Resolve on-site technical issues and

provide expert advice on construction methodologies.

Drawing Interpretation: Read and interpret technical drawings, layouts, and AutoCAD designs.

Vendor Coordination: Negotiate contracts, organise materials, and liaise with suppliers and subcontractors.

Site Inspections: Conduct preliminary site surveys, assess feasibility, and approve project plans.

Documentation: Maintain accurate project records, including reports, schedules, and compliance documents.

Requirements:

Education: Bachelor's degree in Civil Engineering or related field.

Experience: 2 year Proven experience in site execution, preferably in construction projects.

Technical Skills: Proficiency in AutoCAD for drawing preparation and interpretation.

Local Requirement: Must be a resident of Baramulla.

Soft Skills: Strong communication, leadership, and organisational abilities.

Must be flexible with working hours to accommodate project demands, including occasional extended shifts or weekend work as needed

Preferred Qualifications:

Prior experience in infrastructure or building construction projects.

Knowledge of local construction regulations and material suppliers.

Note: Only Baramulla residents will be considered for this position.
